

# 健康・運動・スポーツ科学の研究が生涯にわたる QOL向上に果たす役割－国際的視点から－

*International seminar for the role of health, exercise and sports sciences  
on lifetime quality of life (QOL)*

日時: 11月26日(水)・11月27日(木) 場所: 神戸大学発達科学部・大会議室

## 11月26日(水)

13:00–	1	<b>Dr Yasuo Shinohara</b> (Graduate School of Human Development and Environment, Kobe University) Mechanism of the block clearance in a crouch start
	2	<b>Dr Cyril Donnelly</b> (University of Western Australia, AUS) The role simulation for best practice sport injury prevention prescription
	3	<b>Dr Todd Pataky</b> (Sinshu University, JPN) Advanced statistical analysis of Biomechanical continua
14:55–	4	<b>Sho Kunimune</b> (Graduate School of Human Development and Environment, Kobe University) The influence of visual information on obstacle crossing in gait
	5	<b>Toru Konishi</b> (Graduate School of Human Development and Environment, Kobe University) Accuracy of the direct free-kick for hitting the target in soccer
	6	<b>Masahiro Shirota</b> (Graduate School of Human Development and Environment, Kobe University) Experimental study on the variation in leg motion at landing according to running velocity
16:10–	7	<b>Ai Shiramoto</b> (Graduate School of Human Development and Environment, Kobe University) Characteristics of physiological responses during prolonged arm and leg exercise
	8	<b>Dr Narihiko Kondo</b> (Kobe University) Thermoregulatory responses to exercise in humans for health

## 11月27日(木)

13:00–	9	<b>Dr Elfriede Greimel</b> (Medical University of Graz, AUT) Subjective Well-being and Quality of Life
	10	<b>Dr Yoshiko Kato</b> (Kobe University) Health Related Quality of Life (HR-QOL) in community development
	11	<b>Ying Yu</b> (Graduate School of Human Development and Environment, Kobe University) Factors for Chinese international exchange students in Japan to adapt
14:35–	12	<b>Dr Ben Jackson</b> (University of Western Australia, AUS) Persuasion Principles in Physical Activity Settings: Theory & Application
	13	<b>Dr Peter Peeling</b> (University of Western Australia, AUS) Exercise and the Hepcidin response: The hormonal link to iron deficiency
16:10–	14	<b>Takahiro Ono</b> (Graduate School of Human Development and Environment, Kobe University) Effects of preconditioning by whole body heating with taking a bath on exercise performance and muscular fatigue
	15	<b>Dr Tatsuro Amano</b> (Graduate School of Human Development and Environment, Kobe University) Thermoregulatory adaptations to exercise training: role of thermal and non-thermal factors on heat loss responses
	16	<b>Dr Scott Bowen</b> (University Leipzig, GER) Does heart dysfunction induce diaphragm muscle weakness?
	17	<b>Dr Dai Okushima</b> (Kobe Design University, JPN) Muscle deoxygenation in deeper region of quadriceps during exercise
