NESCAFÉ Sannomiya **Monday, July 10th 18:30-20:30**

〒651-0087 兵庫県神戸市中央区御幸通7丁目1-15
7 Chome-1-15 Gokodori Chūō-ku,
Kōbe-shi, Hyōgo-ken 651-0087

800円

Join us for three research presentations by high school students and group discussions over sandwiches and drinks.

Killing mites with good smells

Essential oils have miticidal effect. It's a natural mite-killing drug, so it's rather safe. We collected various data on miticidal effect in order to analyze the effectiveness and to find the mechanism.

How to breed Amoeba easily and Volvox's Phototaxis

Our research is to observe how volvox act under various circumstances: changing the lights wavelength, or temperature, etc; and to breed Amoeba in an easy way.

Making a capsule of Sericine

Sericine is a protein made by silkworms and is very useful. We try to make a capsule of Sericine.

To register, e-mail your name to The Kobe University Science Shop at:

HSE-CAFE@RADIX.H.KOBE-U.AC.JP

Register by , July 7th . Space is limited to the first 30 people.

お申し込みの際お送りいただけます個人情報は、この催しの運営管理にのみ利用させていただきます。Any information you provide will only be used for the organization of this event
